

5th March 2026

Dear Parent/Carer,

Re: Year 11 BTEC Tech Award in Digital Information Technology – Component 1 Resubmission Opportunity

At The Victory Academy, we are committed to ensuring that all pupils are given every opportunity to achieve their full potential in their qualifications.

Following the completion of Component 1: Exploring User Interface Design Principles and Project Planning Techniques, we have identified an opportunity for students to improve their overall grade. As part of our commitment to supporting progress and maximising outcomes, selected pupils will be given the opportunity to retake Component 1 in order to strengthen their performance and improve their overall qualification result.

Year 11 students have been given the opportunity to improve their overall grade through a supervised resubmission.

In line with Pearson regulations, this resubmission will be based on a new and different scenario issued by the exam board. Students must complete the work independently under supervised conditions, in accordance with BTEC assessment rules.

These sessions will take place during LP7 on Thursday week Band attendance is compulsory for students involved. This structured time will allow pupils to revisit the assessment criteria, strengthen weaker sections of their coursework, and aim to secure a higher overall grade (Pass, Merit or Distinction).

Please note that the final deadline for completion and submission of this improved Component 1 work is:
Monday 13th April 2026

After this date, no further amendments can be made in line with exam board regulations.

We kindly ask for your support in ensuring that your child attends all LP7 sessions punctually, meets internal checkpoints, and approaches this opportunity with maturity and focus. This is an important chance to positively impact their final qualification outcome.

If you have any questions regarding Component 1 or the resubmission process, please do not hesitate to contact the school.

Thank you for your continued support.
